RE: Bridges #91 and #247 Documentation Files Transfer

Dear Mr. Kelly:

As a result of the City of Arlington's Island Crossing annexation (ordinance no. 1465) as approved by the Washington State Boundary Review Board for Snohomish County in May 2009, two of Snohomish County's bridges are now under the City's jurisdictions. We are hereby transferring the documentation files for the following bridges to the City for future maintenance and inspection:

Bridge #91, South Slough (Structure ID 08084500)
Bridge #247, Portage Creek (Structure ID 08226400)

If you have any question regarding this transfer or information in the bridge files please do not hesitate to contact me at (425) 388-3196 or Kinyan.Lui@snoco.org

Sincerely,

Kinyan Lui, P.E.
Bridge Group Supervisor
Snohomish County

Attachments: Bridge #91 and #247 files

Cc: Steve Thomsen, Snohomish County Public Works Director
Owen Carter, Snohomish County Engineer
Art Louie, Snohomish County Engineering Services Director
Roy Scalf, Snohomish County Maintenance Director
Grant Griffin, WSDOT Local Programs Bridge Engineer
